Memorandum of Understanding

This Memorandum of Understanding is executed on 10 Hod, 2019 between Govt. College of Engineering and Technology (called as GCET) Jammu through Principal GCET, Dr. Sameru Sharma and JKPDD through Chief Engineer, Electric M&RE wing, Jammu. Er. Sudhir Gupta herein after to be called as party Ist and IInd of the Memorandum of Understanding.

Whereas party IInd JKPDD is executing IPDS/PMDP Projects for strengthening of existing power system and has nominated M/s RECPDCL as Project Implementing Agency (PIA). Under this project, new 33/11KV Sub-stations are also being constructed at various locations to improve the existing infrastructure and to cater future growth. The project envisages construction of 33/11 kV, 1x10 MVA Substation at Chak Bhalwal to meet the future demand of Govt. College of Engineering & Technology (GCET) & other developing areas in the vicinity. Herein, land for new substation has been identified in GCET complex with following modalities:

- 1. That Govt. College of Engineering and Technology (GCET) Jammu will provide land for construction of 33/11 KV Sub-station free of cost (App. 2-3 Kanals) in the periphery of the GCET complex, ownership of which shall remain with GCET Jammu.
- 2. That the proposed 33/11 KV Sub-station will primarily cater the current load demand as well as the future load requirements of GCET to full extent.
- 3. That the 33/11 KV new Sub- station will be constructed by PDD, out of funds allocated for the project with no financial contribution by the GCET Jammu.
- 4. That the electrical network will be created in such a way to utilize only the side periphery of GCET complex and no over head line will be crossing across the complex.
- 5. That the Sub-station will be fully fenced complying with all safety norms & mandatory clearances.

John M

6. That this 33/11 kV Substation will be maintained & operated by JKPDD.

In the presence of witnesses both the parties have signed this Memorandum of Understanding on 10th 0ct, 2019
